

# 6th NTT-BRL School

November 24 (Sun) – 26 (Tue), 2013

NTT Basic Research Laboratories School (NTT-BRL School) is held to foster young researchers and to promote the international visibility of NTT. Prestigious professors and researchers are invited as lecturers, and the school students have a poster session to exchange current research topics in various fields.

## Schedule

Nov. 23, Sat	Arrival in Japan
Nov. 24, Sun	Orientation / Lecture
Nov. 25, Mon	Lecture / Lab. Tour / Excursion
Nov. 26, Tue	Lecture / Poster Session (Joint with ISNTT)
Nov. 27, Wed -	Departure from Japan or attend ISNTT2013

## Eligibility

**M**aster's course and Ph.D students from all over the world. Note that all seminars are given in English and all participants are required to introduce their current research at the poster session.

## How to Apply

**A**pply ONLINE. The number of participants is limited to approximately 30. Send us your general information, the title, and the abstract for your poster, length limited to 300 words explaining about your research. Poster session will be held in conjunction with ISNTT (International Symposium on Nanoscale Transport and Technology) 2013.

## Expenses

**N**TT will cover your round-trip airfare and cost for accommodation during school period. Note that some meals and all domestic transportation expenses should be covered at your own expense.
